

Upgrade Kit for the Meyn* Intestinal Cutter

The M&M Poultry Motor Upgrade Kit for the Meyn Intestinal Cutter* is yet another improvement to add value and to reduce your total cost of ownership.

The new Upgrade Kit features the Hydroduty wash down stainless steel motor and extension sleeves and shafts. Once coupled with your existing Meyn bearing housing*,

the M&M Poultry Motor Upgrade Kit significantly increases motor life while reducing maintenance costs. The M&M Poultry Motor Upgrade Kit increases the current motor life of the Meyn Intestinal Cutter* 3-4 times and is processing plant proven. By effectively decreasing the burden of parts replacement, the kit also reduces your parts inventory, carrying costs, and ordering costs while ensuring maximum performance of the Intestinal Cutter.

Available in both left and right hand orientation, the MandM Motor Upgrade Kit for the Meyn Intestinal Cutter* follows the same quality standard maintained by M&M Poultry Equipment products. Please contact your MandM representative for more information.

INTESTINAL CUTTER MOTOR UPGRADE
